SUMMER INTERNSHIP: URBAN FOREST INVENTORY

Assist the Torrington Land Use Office in beginning their downtown urban tree inventory. The selected candidate for the internship should have a background in horticulture, forestry and/or landscape architecture with the ability to field identify trees. A valid driver's license and a working understanding of the English language are preferred.

Contact Kim Barbieri at 860-489-2221 to get an application & set up an interview or go online at www.torringtonct.org under 'Land Use' for an application form. All applications are due in no later than April 30, 2010.

The project pays \$12/hour for up to 330 hours of work. Project can begin as early as 5/15/10.

Project is funded by CT DEP and the *America the Beautiful Grant*
