BRIAN DOLZANI - Folk Rock
CT Singer/Songwriter

Not strict to one genre, Brian's music has been described as "medicine for the soul" by Lonesome Noise and "remarkably affecting" by No Depression. It is a rhythmic and well-crafted mixture of Folk, Americana, Blues and Rock. His vocal style reflects Neil Young who is one of his greatest influences.

JAY ROBERTS - Acoustic Rock
NW CT Singer/Songwriter

Jay's music is heavily influenced by classic rock acts such as Led Zeppelin to harmony driven, folk sounds of Crosby, Stills Nash and Young. Refusing to be placed conveniently into a box, Jay's songs take the road less traveled to bring the listener through everything from fast-paced, original, bluesy, rock numbers to heartfelt acoustic ballads.

KRISTA JOHNSON - Folk
Singer/Songwriter

Krista brings forth stories of growth, love and lessons learned in her songs. She's been said to have a "voice of an angel" with a sound akin to Joni Mitchell. Her songs are a cool and interesting twist on folk music. Krista has just released her debut album "Hindsight" which is now for sale on disc and on Bandcamp!

STEVE DUNN - Acoustic Rock
CT Singer/Songwriter

Steve has a style described as a combination of rock, pop and contemporary with a twist, blending acoustic and electric pop with country/rock influences for a refreshing style and sound. Dunn creates compelling solid music with a pop/rock/country vibe that is sure to connect with anyone and everyone.

NATHANIEL HINTZ - Country/Western
CT Country Entertainer

Nathaniel incorporates a rockabilly style of guitar playing, blending with a lively punk attitude. Putting a modern twist on the Sun Records sound of the 50's, he picks up where Johnny Cash left off. He recently released his self-titled debut album, recorded at On Deck Sound Studio.

JEN LOWE - Americana

Never taking herself too seriously in life or on the tour stage, you will often find Jen giggling and at ease as she tells a funny anecdote or reaches into her soul to share the darker parts of her journey. She is a natural performer, whether she's pounding ferociously on a djembe or gently finger-picking her old guitar. A multi-instrumentalist, Jen's shows are spontaneous, fun and never predictable.

EMILY BORDONARO - Acoustic Rock
CT Singer/Songwriter

Emily creates unique, expressive songs with a pop, jazz, rock and blues edge to them. She writes from the heart, speaking of her own experiences. Her soulful vocals reflect artists such as Judy Garland, Ella Fitzgerald, The Beatles, Heart, Led Zeppelin, Amy Winehouse, Adele and Jewel.

BELLE OF THE FALL - Modern Folk
Singer/Songwriter, Vocal Duo

Julia Autumn Ford (Guitar) & Tracy Walton (Upright Bass) have a very distinctive, folksy yet modern sound. Julia's vocal delivery is light as a feather, yet powerful enough to knock down an entire city block with one turn of a phrase. Expect many vocal harmonies similar to Simon & Garfunkel that will leave you wanting more.
