§ 128.2.2 Shopping carts.

- A. Abandoned shopping carts in the City create a potential hazard to the health and safety of the public, interfere with pedestrian and vehicular traffic, and create a public nuisance. The accumulation of abandoned carts sometimes wrecked and/or dismantled on public and private property tends to create conditions that reduce property values, and promote blight and deterioration, resulting in a public nuisance. Further, lost, stolen, or abandoned carts result in the obstruction of free access to public and private sidewalks, streets, and parking lots, interfere with pedestrian and vehicular traffic on public and private streets, and impede emergency services. This section is intended to ensure that measures are taken by the owners of shopping carts to prevent the removal of shopping carts from the owner's premises, to make the removal of a cart a violation of this Code, and to facilitate the retrieval of abandoned shopping carts.
- B. Shopping Cart Owner/Retailer Requirements
 - (1) All owners or retailers shall comply with the requirements of this section.
 - (2) Cart identification is required. Every owner/retailer of carts shall mark or cause each cart to be marked and identified.
 - (3) Daily cart retrieval. All owners/retailers shall ensure that all carts are secured from public access after the close of business hours.
 - (4) Abandoned Cart Prevention Plan. Every owner/retailer providing carts to its customers shall develop and implement a specific plan to prevent customers from removing carts from the business premises, and if removed, to retrieve the cart within 48 hours of the removal or notice of removal. The plan shall be submitted to the Director on a renewable annual basis and shall contain the following elements:
 - a. The name of the owner/retailer and the business name, the physical address where the business is conducted, and the phone number and email address of the onsite owner/retailer.
 - b. A complete list of all carts maintained on the premises by the owner/retailer.
 - c. Evidence that written notification is provided to customers that removal of carts from the business premises is prohibited and is a violation of state and local law. This notification may be provided in the form of fliers, warnings on shopping bags, or any other signage that will effectively inform customers of the law.
 - d. At least one physical containment system, including but not limited to, a disabling device on all carts, posting a security guard to prevent customers from removing carts from the business premises, or requiring a security deposit for use of all carts.
 - e. A plan for retrieval of abandoned carts, and plans for recovery of all abandoned carts within 48 hours.
 - f. At the time of submission of the Abandoned Cart Prevention Plan, the owner/retailer shall pay a fee for the review. The Director of Public Works shall

approve or deny the plan within 45 days of its submission. The plan may be denied on the grounds that it fails to include the elements required under this section or the plan is inadequate or insufficient to fulfill those required elements. Any decision of the Director of Public Works may be appealed in accordance with the City's Code of Ordinances.

- g. The Abandoned Cart Prevention Plan shall be submitted to the City within 90 days of the effective date of this chapter, and annually with the business license application thereafter. In the event the owner/retailer's business license expires prior to 90 days from the effective date of this chapter, the owner/retailer shall submit the plan with its business license renewal application. Those affected business establishments opening after the effective date of this chapter shall submit the plan concurrently with the business license application.

C. Shopping Cart Retrieval

The City may retrieve an abandoned cart from public property (or private property with the consent of the property owner) in the following circumstances:

- (1) When the location of the cart will impede emergency services.
- (2) When the cart does not identify the owner/retailer as required by §128.2.2 (B)(2).
- (3) When the City has contacted via telephone, email, or other written correspondence, the owner or retailer actually notified them about the abandoned cart and the cart has not been retrieved within three business days.
- (4) Notwithstanding any other section, the City may immediately retrieve a cart that has the identification, provided the City actually notifies the owner/retailer within 24 hours via telephone or email, or other written correspondence, that the City has impounded the cart, and provides the owner with information on where and how the cart may be retrieved. The City may not collect a fee or impose a fine, nor count a retrieval for purposes of fine if the cart is retrieved within three business days of the actual notice to the owner/retailer by the City. If the cart is not retrieved within three business days, the City may collect its actual costs, impose a fine and dispose of the cart.

D. Impoundment, Retrieval, Payment of Costs

- (1) If the City retrieves a cart, the City shall hold the cart at a location that is reasonably convenient to the owner/retailer and is open for business at least six hours of each business day.
- (2) If the cart is not retrieved by the owner/retailer within 30 days after the owner has received notice via telephone or email, or other written correspondence, of the cart being impounded, or if the cart's owner cannot be determined within 30 days after the cart has been impounded, the cart may be sold or destroyed by the City.
- (3) The City may impose an administrative penalty in an amount not to exceed \$50.00 for each occurrence, in which a City retrieves a cart under the circumstances set forth. An occurrence includes all shopping carts impounded in a one-day period. No cart shall be released to the owner/retailer unless the owner/retailer pays a fee for the City's actual costs to retrieve and store the cart.

E. Exceptions

This section shall not apply to cart owners, and/or retailers, or their agents or employees, or to a consumer who has written consent from the owner of a cart or retailer, to be in possession of the cart or to remove the cart from the business premises.

§ 128-3. Litter on occupied private premises or property.

No person shall throw or deposit litter on any private property designed or used either wholly or in part for private residential, commercial, or industrial purposes within the City, whether owned by such person or not; except that the owner or person in control of private property may maintain authorized private containers for collection in such a manner that litter will be prevented from being carried or deposited by the elements upon any street, sidewalk, or other public place or upon private property. Persons using these containers shall use them in accordance with the regulations established by Article II of this Ordinance.

- A. Depositing litter on vacant lands. No person shall throw or deposit litter on any open or vacant private property within the City, whether owned by such person or not.
- B. Blowing onto adjacent property. The owner, tenant, or person in control of any private property shall control litter on his property so as to keep it from being blown by the elements upon the sidewalk, street, or other private property. In the event, litter is blown from such property onto adjacent public or private property, the owner, tenant, or person in control of such property shall be responsible for clearing the litter from such adjacent public or private property. This section shall be enforced against the persons responsible in the manner provided for later in this chapter.

§ 128-4. Sweeping litter onto streets or gutters; property owners to keep sidewalks clean.

- A. § 128-4.2. Clearing of litter from private premises or property by City.

- A. Notice to remove. The Director of Health or his designee is hereby authorized and empowered to notify the owner of any open or vacant private property within the City or the agent of such owner to properly dispose of litter located on such owner's property which is dangerous to public health, safety, or welfare. Such notice shall be by certified mail, addressed to such owner at his last known address, and/or personal service.
- B. Action upon noncompliance. Upon the failure, neglect, or refusal of any owner or agent so notified to properly dispose of litter dangerous to the public health, safety, or welfare within three days after receipt of written notice or personal service provided for in Subsection A or within five days after the date of such notice in the event the same is returned to the City because of its inability to make delivery thereof, provided the same was properly addressed to the last known address of such owner or agent, the Director of Health or his designee is hereby authorized and empowered to pay for the disposing of such litter or to order its disposal by the City.
- C. Dispensing with notice. If, in the opinion of the Director of Health or his designee that said litter causes an immediate danger to the public's health, safety, or welfare, the Director or his designee then may dispense with the notice requirement of Subsection A and dispose of such litter.

- D. Charge to be borne by the owner. When the City has affected the removal of such dangerous litter or has paid for the removal of such, the actual cost thereof, plus accrued interest at the rate of 18% per annum from the date of the completion of the work, if not paid by such owner prior thereto, shall be charged to the owner of such property, and such charge shall be due and payable by such owner within 10 days after presentation of such bill.
- E. Lien for disposal service. Where the full amount due the City is not paid by such owner within 10 days after the disposal of such litter, as provided for above, then in that case, the Corporation Counsel's office shall cause to be recorded in the City Clerk's office a sworn statement showing the cost and expense incurred for the work, the date the work was done and the location of the property on which such work was done. The recordation of such sworn statement shall constitute a lien and privilege on the property and shall remain in full force and effect for the amount due in principal and interest, plus costs of court, if any, for collection, until final payment has been made. Such costs and expenses shall be collected in the manner fixed by law for the collection of taxes. Sworn statements recorded in accordance with the provisions hereof shall be prima facie evidence that all legal formalities have been complied with and the work has been done properly and satisfactorily and shall be full notice to every person concerned that the amount of the statement, plus interest, constitutes a charge against the property designated or described in the statement and that the same is due and collectible as provided by law. The disposal service lien shall take precedence and priority over all other liens or encumbrances on the property whereon the same is imposed, except taxes due to the state and other City liens prior in date and shall be foreclosed in the manner and within the time prescribed for liens for taxes.

§ 128-4.3. Penalties for offenses.

Any person violating any of the provisions of this article shall pay a fine not exceeding \$100.00 per day for each day such violation continues.

- A. Police officers or their designees may issue a citation for any violations of the provisions of this chapter. Persons receiving said citations shall be deemed to have committed an infraction and shall be fined in accordance with Connecticut law, the maximum penalty for infractions.
- B. Each violation that is committed or that is permitted to continue shall constitute a separate offense and shall be cited and punished as such.
- C. In addition to any monetary fine imposed hereunder, any person who violates any provision of this chapter may be required to remove or otherwise cure the violation, and may, in lieu of citation for the infraction, be prosecuted pursuant to the provisions of Gen. Stat. § 22a-250, as the same may be amended from time to time.
